**System for Airports**

**Voice Perfect Ltd | Voice Processing and Communication**

Glenhaven Avenue, Borehamwood, Hertfordshire WD6 1AY, United Kingdom

**T:** +44 (0) 20 8953 1315, **F:** +44 (0) 20 8953 1352, **E:** [tech@voiceperfect.co.uk](mailto:tech@voiceperfect.co.uk), **W:** [www.voiceperfect.co.uk](http://www.voiceperfect.co.uk)

- Generates seamless, **Real Voice** announcements automatically from FIDS and Public Address system.
- Able to link with **Visual Flight Information Displays** and also **IVR** and text-accessed flight information systems.
- Routine information, **Safety and Security Announcements** can be scheduled for any frequency and integrated into playlists.
- Ad hoc messages can be created, e.g. personalised last calls.
- All messages can be created and directed to specific airport **Public Address Zones** at the user's discretion. **Background Music** or promotional messages can be added in airport lounges, shopping zones or food courts.
- Easy to add new airlines, routes or destinations.
- Basic system creates announcements in English. Any other **Language** can be added, using native speakers for maximum passenger comprehension.
- A specialist, authoritative voice can be used to differentiate security announcements. These are broadcast via one-touch "**Hot Keys**" on the user's screen. This is a vital tool in the effective management of emergencies and security situations.
- **Flexible Pricing** structure which can be based on an annual fee, linked to passenger throughput. This enables simple and transparent cross charging to airlines.

Visit our website: **[www.voiceperfect.co.uk](http://www.voiceperfect.co.uk)** to see how REAL VOICE SCAS®-Air can help airport operators manage passenger movements more effectively.
